

D 625

DEHUMIDIFIERS

Product Data Sheet

Product range	Dehumidifiers
Brand name	Qlima
Model	D 625
Colour	White
EAN code	8713508776071

Technical Specifications

Moisture removal *	l/24 h	25
Moisture removal **	l/24 h	14.5
Power consumption	kW	0.36
Mains voltage	V / Hz / Ph	230 / 50 / 1
Air flow (nom.) ***	m ³ /h	200
For rooms up to ***	m ³	140 - 165
Capacity water container	l	4.0
Operating range***	°C	5 - 35
Sound pressure level ***	dB(A)	<48dB/1m
Fan speed		3 positions
Control		touch electronic
Refrigerant		R290 / 95 gr
Dimensions (w x d x h)	mm	346 x 253 x 590
Weight	kg	14
Compressor type		Rotary
Protection class	IP	24
Guarantee	Years	2

* Moisture removal at 30 °C, 80% RH

** Moisture removal at 27 °C, 60% RH

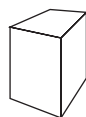

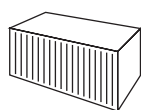

*** To be used as indication

D 625 DEHUMIDIFIERS

Extremely quiet

Permanent water drainage tube

3-layer filter

Timer (8 hour)

Hygrometer

Digital display

Features

Very stylish exclusive Qlima Design:

This dehumidifier is part of an exclusive range of Qlima design dehumidifiers. The glossy white colour together with the colourfull blue indication ring presents this model as a revelation in high end aesthetics on household dehumidifiers.

Extremely quiet:

In HIGH fan mode: the sound produced by this dehumidifier is so low you will hardly hear it, when using it in a normal living room. The sound produced is whispering quiet.

In LOW fan mode the sound is even 5 dB(A) less!

This dehumidifier surely is one of the most silent dehumidifiers available in the market today

IPx4 protection - safe in humid environment:

This unit is safe to use when water is splashing against the enclosure from any direction.

This makes the unit suitable for use in bathroom (even when showering!) or swimming pool environment (note: swimmingpools without chlorides!).

Moving louver outlet:

The air outlet is positioned at the top side and is provided with an up/down automatically moving (swinging) louver. This will enable the unit to evenly blow the dried air into the room. It makes the dehumidifier extremely suitable to evenly dry laundry. This "swing" function can be switched on or off by the end-user

Hygrostat:

The humidity can be regulated via an adjustable hygrostat.

Hygrometer:

The unit is equipped with a hygrometer which indicates the relative humidity in the room.

Permanent water drainage tube:

A 2 mtr flexible water drainage tube is delivered with the unit, this tube can be fitted to the unit for continuous water discharge. If done correctly it will prevent the need for emptying the water container.

Large size water tank:

For ease of use for the end-user this dehumidifier has a extremely large capacity of watertank of 4 liters. With this giant size of water tank the frequency of having to empty the tank is significantly reduced.

Removable water container:

The water container can easily be removed from the back of the unit.

Cover of water container:

To prevent the unwished splashing of water by the end-user while taking out the container and transporting the container to the drain: the water container is equipped with a cover.

Automatic switch off:

When the water container is full, a red LED will light up together with a short acoustical signal. The dehumidifier will automatically switch off.

3 layer filter including HAF-Filter:

The dehumidifier is equipped with a 3 layer bacteriostatic filter package to clean the circulated room air. The HAF air filter delivered together with this unit captures allergens like bacteria, dust and pollen from the circulated air with an efficiency up to 80%. Pollen are well known as an important stimulus for hay-fever allergy. The active carbon filter removes unpleasant odours from the air and the screen filter captures large dust particles. The screen filter can be cleaned with a vacuum cleaner and/or lukewarm water.

Fan speed:

A three-speed high-capacity radial fan for quiet and efficient operation.

Electronic display:

The unit is equipped with an electronic display (LED).

Power cord storage:

The dehumidifier is provided with an easy to use power cord storage possibility.

8 hour timer:

The unit is equipped with a timer function which can switch off the unit after 1-8 hours.

Convenience easy to move:

The unit is equipped with top handle at the top back of the unit.

For even more ease of use this dehumidifier is equipped with castors (wheels).

Compressor:

The dehumidifier has a silent rotary compressor.

Defrost function:

The unit is equipped with an intelligent defrost system for use in lower temperatures.

Full colour box:

The unit is delivered in a stylish full colour box showing application and operation information in multiple languages.
