WR01 WASTE REDUCER

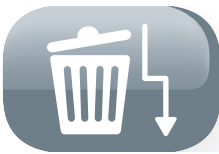

Reduces costs

Scent filter

Reddot design

Waste reducing

Maintenance free

Easy to use

Features

Reduces weight & volume

The waste reducer helps to reduce organic (kitchen) waste up to 80%!

Reduces costs

The waste reducer is there for anyone who wants to reduce the cost of emptying the container and want to contribute to the environment.

Superb innovative design

This product won the Reddot design award!

No organic scent

The waste reducer has 2 active carbon filters to eliminate the typical organic scent of waste. After the process the garbage will be dry and hygienic to touch.

Maintenance free

The waste reducer is maintenance free and easy to use; just plug and play.

Less time

Reduces the frequency you have to bring your organic waste to the central container.

More hygienic

Eliminates the possibility for flies and bacterias in your kitchen waste
